**Alma Midwifery**

More women are choosing birth centers than ever before. A woman's desire for a safe, active, non-tethered birth experience is something we have supported and celebrated here at Alma, through our 13 years of experience. We offer water births, privacy, relaxation, and a secure and warm environment, designed to support the way a healthy birth naturally unfolds. Not only are we staffed by Portland's best Certified Nurse Midwives but Alma is also a place where women and their babies are liberated from unnecessary interventions. At Alma, partners are involved in the birthing process, and the babies pass from the womb to the mother's arms without stopping at an examination table. Families know that giving birth is not an emergency but a journey, and that is why they are choosing Alma Midwifery Birth Center right in the heart of Portland. Plus, Alma is a community of families bonding during yoga, childbirth education, support groups and baby playgroups.

**Portland Montessori Collaborative**

A Montessori Community for infants, toddlers, preschoolers and families in the Bridlemile neighborhood of SW Portland. Founded in the spirit of environmental sustainability, and inspired by the schools of Reggio Emilia. We serve organic and locally sourced home cooked snacks and meals, use cloth diapers, and educate for peace and ecological intelligence.

Our mission is to provide a loving and nurturing space for children to explore, grow, learn, and connect with other children and adults in the context of the Montessori philosophy and pedagogy. We offer an adaptive approach to early childhood education; an authentic Montessori program inspired by the schools of Reggio Emilia and moved by the philosophy and teachings of Magda Gerber.

**North Clackamas Aquatic Park**

North Clackamas Aquatic Park offers fun, educational programs and activities for families with children, including swim lessons and a young children's pool with Sammy the Seal slide. The Parent-Tot swim lessons are structured for child and parent participants to explore the water together. Each class includes 15 minutes of instruction and 15 minutes of practice with equipment and music. Perfect for children 8 to 35 months old, these water-based programs focus on enjoyment and development of skills.
